

# Cart v2.0

We have worked hard to provide a shopping cart which feels integrated with our sites structure. All pages have the cart available and you can checkout with either PayPal or Google Checkout quickly and easily with no signup to our site.

Version 2.0 of the cart brings the addition of PayPal while we look forward to integrating Version 3.0 which is coming soon. 3 new features will improve your buying experience.

**GLOBAL SHIPPING** - Select your country and see carriage and vat adjusted accordingly.

**QUANTITY DISCOUNT** - We will have all accessories added to this section allowing you to get up to 12.5% discount when purchasing 20+ items. Discounts will be offered for 5, 10, 15 and 20 items.

**VOUCHER** - This will be used for additional promotion discounts. Aimed at our forth coming News Letters for which there will be a subscription module added shortly.

## DID YOU KNOW?

**Basket Item links.** Click the item in the cart to navigate back to the product page...

**Carriage is Calculated on total weight of your Cart.** This is the best way of working as this is how our Couriers and Royal Mail operate. This allows us to focus on providing the products at the best possible price. It also allows us to integrate the forthcoming GLOBAL SHIPPING module.

**NO HIDDEN costs.** Some companies believe they should add carriage on after you have signed up.. We know that people like to see the price before they buy. The Total in the cart is the price you pay..

## Please Provide Feedback

We welcome your input and value your opinion. Please help us improve your buying experience with any suggestions or issues.

Send an email to [rich@mysu.co.uk](mailto:rich@mysu.co.uk) or have a chat via Live Person at the top right of the site.

Thank You
